Subject: My retirement questions
Date: Saturday, July 22, 2017 2:44:46 PM

I have been sad but this exercise cheered me up! I have come up with alternative questions which spare my husband and son from the Vaseline story but still are relatively amusing. Q1. How were you hired at EPA? Q2. What was your favorite EPA building to work in? Q3. What was your most embarrassing moment at EPA? Q4. What was your biggest surprise at EPA? Q5. What was your most religious experience at EPA?
